

Vancouver HOG® # 9022 - Chapter Meeting Agenda

Date: Saturday, February 7th 2026

Location: Trev Deeley Motorcycles

Meeting Called to Order: 10:03 am by Director, Marc V

1. NEWS FROM TREV DEELEY MOTORCYCLES® (Chapter Sponsor), thank you Tess S.

** We are no longer referring to Saturday, February 14 as Valentine's Day.

From here on out, it is officially SUPER SATURDAY.

2026 marks our first-ever Super Saturday, and it is the best day to come down and take advantage of our used inventory.

If you have been waiting for the right time, this is it.

Texas Smoke BBQ will be on site, and it is going to be ton of fun.

Super Saturday

Saturday, February 14, 2026

Come down, check out the inventory, and be part of the first Super Saturday.

** Book a full service in February and you'll receive a Harley-Davidson® Genuine Motorcycle Jacket, while supplies last.

This offer is for full service, and it's the perfect way to make sure your bike is ready for the season ahead.

Because let's be honest...

🍫 Chocolates melt.

🌹 Roses wilt.

🛢️ Harley-Davidson® oil lasts about 8,000 km or until your next service.

📞 Call our service department today to book your appointment.

** This is the time of year we sell off our previous-season demo bikes, and these ones are different than your typical showroom bike as they have been lightly ridden.

- ✓ Each demo has upgrades already done
- ✓ 2-year Harley-Davidson warranty included
- ✓ Well cared for, properly maintained, and ready to ride

If you've been thinking about getting into a Harley or upgrading, this is honestly one of the best ways to do it. (this only happens once a year)

Come down and see us at Trev Deeley Motorcycles and ask for Jason or Kate in sales.

These don't last long.

** With all the new bikes rolling in for 2026. We have some incentives for select remaining '24 and '25's. Including promotional interest rates and dealer credits of up to \$3400 on select Grand American Touring Models. Give us a call for more information

** Need new tires? Now's the time.

Get 20% off all stock Harley-Davidson tires at Trev Deeley Motorcycles.

Included both Dunlop or Michelin.

Offer valid until February 28

Installation available through Service

** **Lucky draw** from TDMC – backpack, thanks TDMC!

** Am I eligible donate blood <https://www.blood.ca/en/blood/am-i-eligible-donate-blood/eligibility>

** Recent changes to donation criteria <https://www.blood.ca/en/blood/am-i-eligible/changes-donation-criteria-blood-donation>

** Donating stem cells

Every year, hundreds of Canadian patients — and even more worldwide — wait for a lifesaving blood stem cell transplant.

In Canada, their search for a donor may start with family members, but less than 25% of patients find a match within their family. Most of the time, patients must rely on unrelated volunteer donors from a registry, often with a similar ethnic background to increase their chances of finding a match.

If you're between the ages of 17-35 and are in good health, you could be the rare match for a patient in need.

What we do

Blood for Life

Canadian Blood Services is responsible for managing the nation's blood supply. We collect, test and manufacture blood and blood products, including red blood cells, platelets and plasma for transfusion. We distribute these blood products to health care providers for the treatment of patients across Canada. We also provide diagnostic laboratory testing services in some provinces.

Plasma for Life

Of the plasma we collect and test in Canada, some goes to patients for transfusion, while most is shipped to pharmaceutical manufacturers contracted by Canadian Blood Services to produce medications for use by patients in this country. These medications — primarily immunoglobulins — form part of a national formulary of plasma protein and related products (PPRP) that we bulk-purchase from global providers and manage on behalf of all provinces and territories except Quebec.

Stem Cells for Life

We collect, test and manufacture stem cells obtained from cord blood. We also operate a national registry of adult stem cell donors and participate in an international network of donor registries to identify potential matches for patients requiring stem cell transplants. Together, these programs support better outcomes for people living with the many diseases and disorders that can be treated with transplanted stem cells.

Organs and Tissues for Life

We serve as the country's coordinating agency for organ and tissue donation and transplantation (OTDT). We manage a national transplant registry for interprovincial organ sharing, as well as related programs for donation and transplantation. With our partners across the OTDT community, we also develop leading practices, support professional education and public awareness activities, and share data on the performance of the OTDT system in Canada.

7. OFFICER REPORTS

Assistant Director – Wilko V (nothing to report)

Membership Report – Shawn M: Reminder that renewals are now due. \$25 / year, but your National HOG membership must be current. If you have not yet renewed your membership, you have (temporarily) been removed from the TDMC (platinum) database for discounts

Finance Report – Shawn M: We received \$500 from the BBQ we hosted in the summer. TDMC account for our chapter is just under \$1000 and our RBC is about \$4100

Steve (question) – is there a process that validates how TDMC and the HOG executive process funds. (Response) – Yes, an accounting is done regularly for funds that are deposited and withdrawn from the TDMC account.

Safety Report – Wilko V

Juice jacking:

We lock our bikes, but most of us will plug our phones into any random USB port without thinking twice. But do you know what's on the other side of that wall?

This is called *juice jacking*: a hacked charging port (at a hotel or airport) can pull data or mess with your phone.

Simple fix: use a wall outlet with your own charger, the USB port on your bike, or a USB data blocker. I've got a few blockers to give away at the meeting - cheap insurance.

Road Captain Report – Murray “Spur”

Ladies of Harley – Teresa V

- Join us for dinner or a glass of wine at The Alcove Pub, 2889 E Hastings Street, 6:30pm, 25th February 2026
