### **CHRIS WONG-MOON TDMC Parts and Service Department**

*Chris welcomed us all back in-person, and is glad we are all safe, and is happy to see everyone! They are steadily busy in the service department, and they have lost Mac to the auto industry. Phone calls to service are crazy, so he suggests texting or emailing [tech@trevdeeley.com](mailto:tech@trevdeeley.com) He apologizes for Harley Davidson parts not being available, but they just are not getting them supplied by the vendor. They are doing the best that they can. All dealers are in the same position, even US dealers want to purchase parts from our website, but we are unable to ship them over the border. Vance & Hines are filling orders for the US rather than those from Canada.*

*He wanted to remind us*

- *if we wanted winter storage, HOG members are charged \$65. Storage is in the building on racks.*
- *Builds will be getting double points and he will honour that now.*
- *Empire collection is available in black and chrome*
- *Olin is now pairing with H-D*

### **UPCOMING EVENTS AND PROMOTIONS**

#### ***FUEL GOOD TOUR - RIDE WITH US***

The Fuel Good Tour – Moto Social has teamed up with Harley-Davidson Canada to support small businesses across the country. Come ride & support local with us this September by hitting one of our many Fuel Good Tour stops. Everyone's welcome, everyone's invited. Good vibes only. All riders can enjoy a complimentary coffee or treat at all our select tour stops across the country courtesy of Harley-Davidson Canada. This means that if you ride down, either the coffee, the donuts or the ice cream will be free thanks to our buds at H-D. The goal is to support local businesses, so please remember to be a bud and in-addition to your complimentary treat, please buy a sandwich if you're hungry, buy a few cookies to give your pals a sugar high and tip the staff generously. They'll greatly appreciate the love!

- All September, H-D Canada is calling on riders to nominate a frontline or essential worker at [www.harleyheros.ca](http://www.harleyheros.ca) in which will have a chance to win a trip for 2 to the JW Marriot Muskoka Resort and Spa.

**NAOMI DEILDAL, Manager of the Deeley Motorcycle Exhibition**

*The Deeley Exhibition had their 10th Annual Vancouver Vintage Show & Shine last Saturday, August 28. We had 35 registrants and another 20 “drop-ins” bring their vintage motorcycles. Over 60 bikes were on display.*

This year, due to COVID, we set up socially-distanced spots and assigned each registrant a number. This made the registration process quite simple and organized – all participating bikes were nicely aligned, and the parking lot looked great. Each registrant received a display tag for their bike to put on their handlebar or headlight. All participants and the general public were encouraged to choose their 5 favorite bikes. At 12:30, selections were closed, and the choices tallied. At 1:30, awards (plaques) were distributed to the top 5 selected motorcycles. Mr. Tube Steak was our food provider. Roxanne estimated that she sold 200+ hot dogs so public turnout was very good! There were many bikes parked on the streets for the duration of the event.

Great event – no complaints and lots of thank you notes after the fact! Definitely was a pent-up demand for public events!

## **OF INTEREST TO VANCOUVER HOG® MEMBERS**

### **HEALTH REGULATION UPDATE**

*People will be required to show they've had at least one dose of a COVID-19 vaccine to access some non-essential businesses and settings as of Sept. 13. By Oct. 24, people will need to be fully vaccinated to go to places like the movies or restaurants. There is a grace period. Between Sept. 13 until Sept. 26, people will still be able to use the paper record issued at a vaccine clinic. After Sept. 27, the BC Vaccine Card will only be accepted form of proof. Anyone found to be violating the order could be ticketed \$230 or \$575, depending on the violation.*

### ***Phase 4 update Sept. 7, 2021:***

*The easing of restrictions has been delayed due to much higher-than-expected COVID cases. Recreational travel is now permitted in Canada although travel across the US border is still restricted. Masks are again mandatory in all indoor public spaces throughout BC.*

***Indoor organized gatherings (such as our meetings) are limited up to 50 or 50% capacity, if there is 2m distance between people. Outdoor organized gatherings are limited to 5000 people - or 50% capacity, whichever is greater. There are no restrictions on indoor or outdoor personal gatherings.***

### **VANCOUVER HOG® LYTTON RELIEF RUN**

Much of the community of Lytton, BC was devastated & destroyed by a wildfire caused by the record-breaking heatwave. 90% of the village has burned, including the town centre. As many as 1,500 people from Lytton and surrounding areas were ordered to evacuate, many with as little as 15 minutes notice. Families have lost their homes & belongings.

Rick & Tammy Bade helped to organize cash & clothing donations for the cause & TDMC pitched in with a donation box. After a few days, we were informed that donations were no longer needed so what had been collected was dispersed to needy organizations here in the lower mainland. *Thanks to everyone who donated & to Rick & Tammy for their efforts!*

### **OFFICER REPORTS**

- **SAFETY REPORT: RICK & TAMMY BADE** *Safety Officers*

MYTHS ABOUT MOTORCYCLE SAFETY THAT NEED TO GO AWAY (*Part 6 of 7*)

*Myth: Roads and Streets are Safer than the Highways*

- Although it's true that you go a lot faster on highways than on city streets and roads, the smoother flow of traffic, wider lanes and lack of oncoming traffic remove many of the common dangers that motorcyclists run into.

MOTORCYCLE-REALATED FINES AND PENALTY POINTS (*Part 6 of 9*)

- Permit passenger under 16 to be unlawfully seated \$109 fine & 2 points

MOTORCYCLE SAFETY TIPS FOR RIDING THROUGH THE MOUNTAINS (*Part 6 of 10.* )

- Slow in.  
Turning in, leaning down and powering out – there's nothing like it. You need to remember to keep things in line, though and always brake before you enter a curve. Grabbing the brakes in the middle of a corner is liable to upset you weight distribution and generally screw things up.
