Chapter member, *Leif Erickson*, is a retired Ocularist here in Vancouver. An Ocularist is someone who makes artificial eyes, or eye prosthetics, for people who have lost an eye due to trauma or illness. Leif said a few words on eye safety, and spoke on the fragility of a fully functional eye and how little it takes to damage one. Our eyes are also a possible entry point for COVID-19. Leif recommends poly-carbonate glasses for riding, available on Amazon & other retailers. Leif was asked if he was able to find glasses to make available for members & he said he'll look into it.
