

Vancouver Chapter Harley Owners Group Business Meeting June 01, 2002

The meeting came to order at 10:00 at the Sushi Riders Cafe

With the weather finally cooperating, all members rode today.

As of May 15, we have 130 members.

OLD BUSINESS

May 5 – Bill's ride to Fort Langley was cancelled, due to rain.

May 11 & 12 – Darryl's ride to the Mission Drags was cancelled, also because of rain.

May 18 & 19 – Boogie Bash – some members attended, and the weather improved on Sunday. There were 2700 bikes, down from the year before.

May 22 – Trev Deeley Day – an evening ride to Squamish, with 20 bikes participating. The ride destination was the pub in Squamish, and everyone reported that it was a good ride.

The date has now passed for submissions for the newsletter to Roberta. This newsletter will be available at the HOG corner at Deeley's soon.

NEW BUSINESS

Diane gave us an update on the Canuck Place ride. The waivers and liabilities are now out of the way, and passenger release forms are now available. FDI suggest that riders have a minimum of 1 million dollars liability when carrying passengers. After the July business meeting, weather permitting, we will head to Canuck Place to take children for a ride. This will be a controlled ride, and sidecars would be very helpful, as some children have trouble with mobility. The ride will, of course, depend on the situation of the children at Canuck Place at the time.
