

## Vancouver Chapter Harley Owners Group Business Meeting October 02, 2001

---

The meeting came to order at 7:10 p.m. at Paul's Restaurant

Several people rode on this beautiful autumn evening.

We welcomed our new members, Brian and Kathy.

\*\* My apologies to the Delta Chapter for accidentally omitting them from the list of people who generously donated to the Burn Camp. \*\*

### OLD BUSINESS

- September 16 – Swap meet at Future Cycle House of Speed. Trev Deeley's did very well and there were some good deals available.
- September 22 – The Iron Butt Ride was cancelled, but 3 members went on the ride anyway, and had a great time.
- September 23 – Thunder in the Mountains was a success with between 350 and 450 people in attendance, in the beautiful weather. Your sensible riding style will make this a successful and ongoing event. BCCOM raised nearly \$400.00 on the 50/50 draw.
- September 30 – Oyster Run – Even bigger than last year with approximately 25,000 bikes participating. It was mentioned that perhaps in the near future this event will expand to a two day event.
- September 30 – Trev Deeley's racing bike participated in the drag races. Unfortunately, Jason red lighted, but the time trials are impressive. Next year may be the year for the Dyna Super Glide Sport. – Good luck Jason.
