## Are We Having Fun Yet?

I know everyone that was lucky enough to go to Milwaukee had fun! I know everyone who has participated in chapter events have had fun!

There is still plenty of time left in the riding season to get out to a chapter event and meet some new friends, enjoy the open roads and have fun.

Some of the fun that Elaine and I have had over the past couple of months includes:

## Sunshine Coast Observation Ride

What an incredible day!

We met at the store on Sunday morning, July 19, 1998 with 14 bikes and 25 people attending. It was great to have John Becker attend with his 2 children and no he didn't have them both on the bike, they came in a 4 wheel type vehicle and still managed to have fun.

A short ride to the Horseshoe Bay ferry terminal and we were on our way to the Sunshine Coast.

Vancouver Chapter.

The ride ended at the "Trant Homestead" on the water for a steak BBQ, and what a spread!

Before I forget, a very special thank you to Ann Titcomb, Wendy Trant and Pamela Trant. They did all of the work in making the day a total success, while David had all the fun putting together the route and list of observation points, then taking all of the abuse at the end of the ride.

David Trant met us just off of the ferry and provided us with our route and Observation List, the first poker card was drawn here.

The route took us to Earl's Cove ferry terminal, with some very interesting twists and turns. Obviously David laid awake nights thinking up the Observation points.

On the return trip from Earl's Cove we stopped at the Garden Bay Pub for a short visit with Ted Miessenger, a past Director of the

One of the highlights of the day was making the senior Trant, David's father Geoff an honorary member of the Vancouver Chapter.
