### MILEAGE ENTRY

HOG Contacts: Tess and Amy

Please send all Readings to both of the following 2 emails:

[tstewart@trevdeeley.com](mailto:tstewart@trevdeeley.com)

[aleonard@trevdeeley.com](mailto:aleonard@trevdeeley.com)

When submitting readings by email: Please include a clear photo of the odometer, a clear photo of the full VIN, and your HOG membership number. This information is required at the time the email is read and the data is entered.

## **REQUIREMENTS**

**An initial odometer reading is required in January** to start the HOG RIDE 365 Challenge. Please remember to take a **final reading when you take your bike off the road for the season.**

When I enter readings, they are time-stamped. If it's easier, you may send me your January reading, and I can input it for you. You would then send your next reading in the **first week of the following January**, completing the yearly cycle.

**Additional mileage challenges:** If you choose to enter other mileage challenges, you may submit odometer readings throughout the year at your discretion. Readings will be entered as soon as they are received and will reflect the actual date received.

**Selling a bike:** Please provide the final odometer reading and the date of sale.

**Buying a new bike:** Please provide the new VIN and the initial odometer reading.

**Missed readings:** If an initial reading is missed, the next odometer reading received at year-end will be treated as the initial reading for the following year.

**Member responsibility:** Each participant is responsible for tracking their own bikes, models, VINs, and odometer readings to participate in challenges
